

PREPARING FOR BREXIT

As the uncertainty around Brexit continues, we provide certainty for your transports as your reliable partner. When the United Kingdom (UK) leaves the European Union (EU), every consignment to and from the UK will be subject to customs declarations. A 'No-Deal Brexit' could potentially occur at 23:00 GMT on Thursday 31st October 2019. Please stay informed about further developments in the media.

TSP – OUR RECOMMENDATION FOR TRANSPORTS TO THE UK

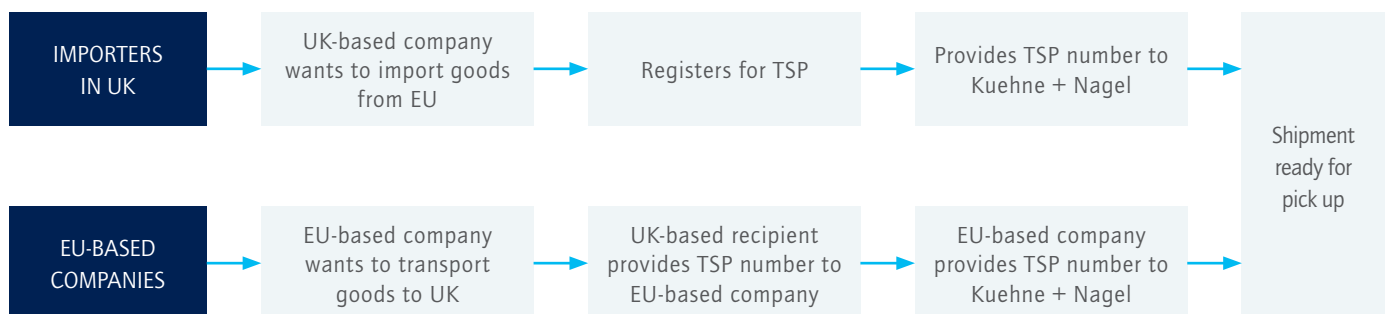

UK government has implemented Transitional Simplified Procedures (TSP) to ease the transport of EU-goods into the UK. TSP reduce the amount of information **UK recipients of goods** need to give in an **import declaration** when the goods are crossing the border from the EU. TSP are applicable for most types of goods (excl. e.g. dangerous goods). **To access the benefits of TSP**, the UK recipient of the goods needs to register for TSP. Once registered, the **TSP registration number** needs to be provided to Kuehne + Nagel.

Please note: If Kuehne + Nagel does not have a business relationship with the recipient we are legally not allowed to approach the recipient to obtain their TSP registration number. This usually applies when doing shipments for EU-based companies.

Using TSP mitigates the risk of delays at the border, because it reduces the amount of information you need to give in an import declaration. When presenting your TSP number, customs clearance does not have to be done immediately at the border, so most shipments will not need to queue for clearance at the port.

To facilitate import customs clearance into the UK, Kuehne + Nagel strongly recommends using the **Transitional Simplified Procedure (TSP)** for non-controlled goods.

WHAT DO I HAVE TO DO TO USE TSP?
